

# Personal Contract Purchase

## Personal Contract Purchase

This is a popular choice for individuals who opt out of a company car scheme in favour of a cash option. It enables you to get the brand new (or used) car that you probably thought was beyond your reach, enjoy significant tax benefits, and combine all your motoring expenses into one affordable monthly payment.

## How does it work?

Using our fleet purchasing power, we source the vehicle of your choice and deliver free of charge. You will have decided previously on the deposit you wish to pay, and the length of the contract. We then fix an agreed future value which is guaranteed, subject to mileage and good condition, and your monthly payment is calculated accordingly. It's very flexible and we think the cost options will pleasantly surprise you. At the end of the contract you simply choose a new vehicle (no trade-in hassles) or pay the agreed final payment to own the car outright.
